

Allowed File Types for Machining Shop Uploads

Please upload your part files below to receive an accurate quote. We accept standard CAD models, technical drawings, and 3D printing files, including STEP, IGES, SolidWorks, DWG/DXF, STL, and PDF. Multiple files may be uploaded if your project includes assemblies or supporting documentation. For security reasons, executable or archive files (EXE, ZIP, RAR, etc.) are not permitted.

Solid Model Files (Preferred):

- .step
- .stp
- .iges
- .igs
- .sldprt
- .sldasm

Technical Drawing Files "should be included":

- .pdf
- .dwg
- .dxf

3D Printing Files:

- .stl
- .obj
- .3mf

Supporting Documentation "should be included":

- .pdf
- .xlsx
- .txt

Restricted / Not Allowed:

- .exe
- .bat
- .cmd
- .sh
- .js
- .py
- .ps1
- .zip (optional—allow only with server-side scanning)
- .rar
- .7z
